

## Investment Description

The Fund adopts a multi-managed approach to investing and blends different skilled and experienced active equity managers and strategies (with some passive and risk-premium strategies).

This is a local-only portfolio and invests in equities (all industries and sectors, and all capitalisations sizes) listed in South Africa (although many of these companies will have significant offshore assets and revenue). The Fund aims to provide investors with high capital growth over the long-term.

The Fund also aims to outperform the ASISA Equity General Sector average, at risk levels consistent with that of the sector.

## Suitable Investors

- Who wish to diversify single manager risk
- Who are seeking a high exposure to growth assets/ do not require income in the short term
- Who understand that equities are high risk and can deliver negative returns over the short-term
- Who typically have an investment horizon of at least seven years

## FUND INFORMATION TO BE CONSIDERED BEFORE INVESTING

The STANLIB Multi-Manager SA Equity Fund should be considered a medium to long term investment. The value of units (participatory interests) may go down as well as up and past performance is not necessarily a guide to future performance. The Fund is traded at ruling prices using forward pricing, and can engage in borrowing of up to 10% of the market value of the portfolio to bridge insufficient liquidity as a result of the redemptions of participatory interests and may engage in scrip lending. A schedule of fees, charges and maximum commissions is available upon request from STANLIB Collective Investments (RF) Pty Limited (the Manco). Commissions and incentives may be paid and if so, would be included in the overall costs of the Fund. Liberty is a full member of the Association for Savings and Investments South Africa (ASISA). The Manco is a member of the Liberty Group of Companies.
